Movement of AA guns through POTSDAM.
(22nd July, 1956.)

About 1500 hrs on 22nd July, 1956. 22 AA guns and 22 tractors were unloaded at WILDFARK WEST Station near POTSDAM from a train which came from the FRANKFURT/ODER direction.

Calibre of guns 80 - 100 mm.

Length of gun mounting 7 m.

The guns had muzzle brakes and the wheels supporting the mountings had rubber tyres.

Identification markings were covered up with paper.

After unloading, the guns moved off in the NEDLITZ direction (North East).

A rough sketch of a gun is attached.
